NATIONAL ASSOCIATION OF COUNTY OFFICE EMPLOYEES

WHAT YOU NEED TO KNOW

NASCOE.ORG

WHO WE ARE

In 1958, county office employees organized state associations to work for employee benefits. The following year, the state associations formed the National Association of County Office Employees (NASCOE). NASCOE is governed by a board of directors composed of two delegates from each state. An Executive Committee is the executive arm of the Board of Directors.

WHAT WE DO

Our Objectives are to help assure successful operation of FSA and the attainment of FSA's objective, to cooperate with other groups and organizations, conserve and improve our soil resources, to secure equitable salaries, working conditions, and retirement provisions for all county office employees and to promote the professionalism of our employees.

Regular Member

Any full-time permanent CO employee can become a regular member. When you become a member of your state association, you will *automatically* become a NASCOE member. Members have updated access to legislative issues as well as other benefits and discounts. With a valid email address, members also have access to an exclusive NASCOE app.

Associate Member

Many State Office employees, County Committee persons, District Directors, temporary and retired employees choose to participate in and support NASCOE as an associate member. They share in many of the same benefits available to regular members and reap the rewards of NASCOE's active legislative work.

Read on to learn about the different committees and what they do for you!

Worked to secure a \$53.9 million increase in the FY 2023 Agriculture Appropriations Bill

- No funds available to the FSA shall be used to close FSA County offices or permanently relocate county-based employees that would result in an office with two or fewer employees without prior notification and approval of the Committees on Appropriations of both Houses of Congress.
- Funding for County Committee meetings in the current fiscal year that the Administrator of the FSA deems to exceed or not meet the amount needed for the county committees and may be transferred to or from FSA for necessary expenses
 - Expressed to House Agriculture Appropriations subcommittee the importance of appointing State Executive Directors and State Committees timely.
 - Voiced our concern to the House Agriculture Appropriations subcommittee the need for FSA to attract and retain county office employees and how critical their work is in the rural community.
- Made Congress aware of the need for the administration to factor disaster assistance programming when contemplating additional staffing resources needed to successfully carry out its mission.

Monitored the public meetings held by the USDA Equity Commission to ensure there was a clear understanding by the committee of the roles and responsibilities of the Elected FSA County Committee.

- The Legislative Committee released the FSA County Committee Preservation plan and FSA County Committee Talking Points to assist NASCOE members in educating Congress and Stakeholder groups about the importance of the COC as well as address any misconceptions.
- Due to efforts of NASCOE members, NASCOE Legislative Consultant, and the Legislative Committee, the recently released Interim USDA Equity Commission Report did not recommend eliminating the Elected FSA County Committee.

Consulted with legal counsel, our legislative consultant and contacted various Executive and Legislative branch officials regarding the interpretation of Section 1111 of the NDAA Bill and confirmed there would be no potential adverse effect on county office employees.

FSA employees who were deemed essential due to an exigency of public business will be able to have all their excess leave restored as previously granted by the FSA administrator.

MEMBER TESTIMONIALS

"My wife and I use THE WORKING ADVANTAGE when planning vacations. In the long run it saves us anywhere from \$300 to \$500 for hotels, car rentals, amusement parks, etc.

Would recommend this program to all members!"

You know that one person at every meeting who hopes no one asks them a question because they would have to speak? That was me! Until someone believed in, and encouraged, me to step up and get involved in my state association. That lead me to attending national events. I was in awe of the work people, just like me, were doing for their coworkers and producers.

I lacked the confidence to step out there, but once I took that first step outside of my box, I found that I have an entire NASCOE family who is right there with me cheering me on giving me the wind I needed in my sails. I am very blessed to have gotten to have the NASCOE experience and truly credit NASCOE growing yet another leader! Are you next?

"Traveling to Washington, D.C. to present NASCOE Negotiation items was a humbling experience representing FSA employee's submissions. Sitting across the table from National Office members was beneficial because we knew changes could happen through conversation. This experience was unforgettable and I'm grateful to have the opportunities and connections from it."

SPOT LIGHT TESTIMONIAL

My name is Beau. My wife (Taylor) and I have had 3 beautiful children (Colt, Stetson, and John West). When my first two children were born, I used sick leave to be present for their births and to care for mom and baby for the first couple weeks after birth. John West was my first child to be born after the Paid Parental Leave (PPL) policy became available for FSA employees. I wasn't sure I could juggle taking 12 consecutive weeks off of work, so I reached out to multiple people within my FSA network to see if they had any experience using the new PPL and how it was handled. I learned I could take my 12 weeks spread out over an entire year. I produced a plan with my County Committee, office, District Director and State office to spread out my 12 weeks to be there for my wife and children. I was able to be with them for the birth and 2 weeks following the birth as we settled into our new routine. I was also able to attend doctor appointments and help with childcare as needed. It was amazing to be able to use 480 hours to be there for the newest member of my family before needing to use sick or annual leave thanks in part to NASCOE and my FSA job.
