

MWA Area Exec Announcement

Jackson Jones

I am announcing my candidacy for the position of NASCOE MWA Executive. I am not so naive to believe that this is going to be easy, but I will do the best job I know how, if you give me the honor of serving the Midwest area in that capacity.

I am a shared management CED with two one PT offices in the far southwest corner of our area and a family at home that sometimes gets sad when I leave home for meetings, conventions and rallies. Sometimes my time is tight, sometimes my attention is spread thin, sometimes travel is not convenient, but with your help I will do my best to make it work. I do not expect to bear all the burdens of the Midwest area by myself, I expect that we will work as an area and have a shared responsibility to resolve issues as they come up.

We have a great team assembled here in the Midwest area, and collectively your level of talent, your skills are much bigger than any one person in this area. I intend to engage our committee chairs and state presidents, so we don't waste those resources, and I will expect you to do the same in your area of responsibility.

I believe it is important to allow people to grow and develop leadership skills, so we can maintain our level of Midwest Area excellence. I believe there are some very talented members in our area that just need a chance to shine, and it would be an epic waste to not give them the chance. I will need your help in identifying those people.

I am not sure what kind of exec I will be if elected, only you and history can decide that, but I will do my best to not let you down.

Thank you,
Jackson
