

***Candidacy Announcement Northeast Area Alternate Executive Position  
Annette M. Hyman***

I would like to announce that I am seeking the position of Northeast Area Alternate Executive. After leaving the position of Northeast Area Executive position for a GS position two years ago I am looking to being involved in NASCOE on the front line once again. I am the CED in Erie County, New York of which I have been employed since 1996 for all but seven months from June 2016 – January 2017. I was thrilled to be selected back as CED in Western New York after exploring a different position within FSA. I am currently the Vice President of NYASCOE and Northeast Area Awards/Emblems/Scholarship Chairperson. In the past I have been the Northeast Area Negotiation Consultant, NASCOE Secretary, Past NASCOE Secretary, Northeast Area Executive Legislative Chairperson, and Northeast Area Executive. I still have such passion for NASCOE and all that it represents. I look forward to working with the new Northeast Area Executive and NASCOE leadership to continue to represent all FSA County Office Employees. As the agency moves forward with FPAC I feel it has never been more important to be involved. As we wait for a new Farm Bill it will be crucial for NASCOE to stay in constant communication with both our National Leadership, employees in the County Offices, as well as our local producers. I look forward to that task and welcome the challenge. I once again humbly ask for the support of the Northeast Area in my pursuit of the Northeast Area Alternate Executive position.
