

Northwest Area Executive Nomination

My name is Lacey Orcutt and I am from Montana. I began my career with the Farm Service Agency in June 2006 as a temporary employee. In November 2006, I was fortunate enough to apply for an get a permanent program technician position in a neighboring county. As I transitioned from a temporary to permanent program technician I was quickly informed of the employee association called NASCOE and it was stressed to me how important this association is to all employees, so I joined without asking any further questions.

Early in my career I jumped in with both feet and became the Montana Secretary/Treasurer for 9 years. During that time, I was also primarily responsible for putting on the Northwest Area Rally in Whitefish, MT. From there, I went onto being the Vice-President and currently serving as the President for MASCOE. Wanting to continue to be apart of something that does so much for all county office employees within the Farm Service Agency, I am announcing my candidacy for the Northwest Area Executive.

I grew up on a small ranch in a small community in northcentral where I am happy to still call home. I am a mom to two littles, a 4-year old boy Brody and a 2-year old girl Hadley. I am married to my high school sweetheart, David. David and I have a small grain and pulse crop farming operation and he also helps his father on the family farm.

When I started with the agency, as a program technician, I was responsible for the Conservation Reserve Program, Payment Eligibility and Farm Records. In 2010, I went into the COT program and in August 2011 I was selected as the County Executive Director in Teton County. Along with being the CED in Teton County, I have been assisting and serving as the Acting CED in Glacier County since September 2019. With all that is going on in our agency, I feel stronger today about the importance of NASCOE and its role in our agency and therefore, I am asking for your support to serve as the next Northwest Area Executive.

Respectfully Submitted,

Lacey Orcutt
